Reunion an Epoch In the State's History.

The Exercises Yesterday Were Held at Guilford Battle Ground.

A Grand Reception at the Smith Memorial Building Last Night Closed the First Reunion of Native North Carolinians---Many of the Visitors Left Last Night for Their Homes--Dr. W. W. Moore, on Behalf of the Non-Residents, Read a Resolution of Thanks for the Courtesies Extended Them by the State and City.

Interest in the Reunion of non-resident North Carolinians shifted yesterday morning from the city to the Battle Ground. All the trains carried large crowds. The Battle Ground presented a Fourth of July aspect. The weather was delightful, just as it has been from the beginning—it was cool and pleasant in the morning and noon did not bring heat enough to cause discomfort. All the seats in the speaking pavilion were taken and many people were standing on the outside when the mornings' exercises began. The speaker's stand, also,was crowded, many of those occupying seats being non-residents of the state.

Senator Ransom, the presiding officer arose amid applause. He said he could not help but thank God for the beautiful day. With a few more remarks along this line he called on Rev Dr. W. W. Moore, of Richmond, who led in prayer.

Owing to Senator Ransom's feebleness, Dr. McIver announced the several speakers. He stadd that he regretted to announce that Hon. Hoke Smith, of Atlanta, and Hon. Hannis Taylor, of London, could not be present. When he said that Mr. Taylor was in London representing his native state, his adopted state, and the United States in a great international question, there was applause. He called on Mr. Shepherd Bryan, of Atlanta, formerly of Newbern.

Mr. Bryan is quite youthful in appearance but he speaks with the ease and ability of one of great experience. Speaking in behalf of the North Carolinians in Atlanta, he said he was glad to be present at the Reunion. He brought ,he said, greetings of love, friendship and patriotism. There are two thousand North Carolinians in Atlanta and they stand at top. In South Georgia North Carolinians are the turpentine and lumber kings; in middle Georgia they are the successful planters. In the whole state there are thirty thousand sons of North Carolina. Advertising made Atlanta great. He advised North Carolina to make her use of printer's ink in advancing its interests. He said he believed the state was entering upon an era of unexampled prosperity.

Judge Fitzgerald, of the supreme court of Nevada, was the next speaker. His speech was a series of amusing incidents which kept the audience amused throughout . Even the humblest of North Carolina sons could make a speech, he declared, on such an occasion. He was glad to be able to come back after forty years' absence. He wanted two mansions in the skies one over a red hill in his native county, Rockingham county, and the other over a deserted mining camp at Eureka, Nevada. He made interesting comment on the way westerners regard easterners.

Mr. R. M. Bartley, of Indiana, spoke next. He appeared as the representative of the largest delegation sent to the reunion from any state. He declared he was nothing of a speaker but he nevertheless made one of the best speeches of the day. In the fifties he used to clerk in T. J. Patrick's store in Greensboro. It made him sad to find that only three of those who used to assemble at that store were left. He wanted to express the thanks of Indiana to North Carolinians for trouble and expense to which Greensboro had gone for the entertainment of the non-residents. He related most entertaining incidents of the lives and experiences of Northt Carolinians in Indiana. They were all cousins out there he said. He was profuse in his expressions of gratitude and expressed the willingness of the Tar Heels of Indiana to entertain all the Tar Heels who might go out there.

At the request of Dr. McIver the Luther band of Danville, then played Dixie. It evoked enthusiasm as it always does.

Congressman Joseph M. Dixon was called on next. He is an eloquent speaker, with a good voice and easy, graceful bearing He said he bore the unique distinction of having been born in two counties. This was because of a law making a new county out of a portion of the county in which he was born.) He had come three thousand miles, traveling five days, in order to attend the reunion. He hadn't stopped there—he had brought his wife and three half-breed Tar Heels to attend the Reunion. There was no North Carolina society in Montana but there was an organization of southerners, 127 strong and known as "The Possum Club of Missoula." He told of the pleasing manner of the meetings of the Possum Club. In a joking way he spoke of expatreated North Carolinians as if they had left the state because they had to. Especially was that true, he said, with regard to those who hailed from Wilkes and Yadkin. This little sally called for applause and laughter which was doubled when Gov Aycock, whose pardoning proclivities are well known, indicated his willingness to pardon all expatriated North Carolinians so that they could return. Mr. Dixon said he truly believed the perfect type of the Anglo-Saxon came nearer being found in North Carolina than anywhere else. A major general in the army had told him that the best recruits came from central and western North Carolina. He gave it as his opinion that North Carolina is on the verge of tremendous commercial achievement. He thought emigration had hurt the state —330,000 of her sons had left. Count the descendants of these and there would be more out of the state than in.

One of the briefest but one of the most thoughtful and telling speeches of the day was made by Dr. Paul Barringer, of the University of Virginia, who once lived in this state. The hearts of the audience warmed towards him when in a voice changed with feeling he began "Brethren and sisters of my native state." He wished, he went on to say, to express his appreciation for what Charles McIver had done for all the visiting non-resident North Carolinians. He took it as his task to give views of t he essential characteristics of the North Carolinians abroad as he saw them. For, said he, North Carolina puts a distinct seal upon her children. The homing instinct, implanted in every heart, Dr. Barringer said,was the most essential characteristic of the North Carolinian. People of other states have a state pride, the children of North Carolina have a state love. North Carolina has the only state motto which was not ready made and it is the best of all —"It is better to be than to appear."

The applause which greeted the appearance of Murat Halstead, the famous war correspondent, was the most prolonged that was given during the session. He is not an orator but there was such a sly humor about all that he said that his speech was thoroughly delightful. The warmth of the reception accorded him, he declared, caused in him an emotion which was quite unusual. In looking at the state he wondered why his forefathers left it —he is grandson of the state not one of the native born. He had always had an affection for the state. He read some inscriptions from the Halstead tombs which in their quaint and old fashioned way showed that the older Halsteads were so devoted to North Carolina as their distinguished descendant. He liked the Reunion idea and had the impression that it would go forth as a fashion. Here he passed into a charming account of political affairs as they affected his father and grandfather. He said he and his father disagreed about politics as a personal matter. His father pinned his faith to John C. Calhoun (he had been a faithful reader of the Charleston Mercury) while he himself admired Daniel Webster most ardently. His own political history was somewhat mixed. He had even gone so far in his poltical eccentricities as to vote for Horace Greeley for president. He voted for a democratic candidate for president twice. He believed North Carolina had as great a hereafter as it had had an honorable heretofore. He did not think the country knew as much about it as it ought. The series of battles fought in North Carolina prepared the way for the victory at Yorktown. Guilford Battle Ground should be commemorated and held memorable for all time. It is one of those historic points that shine out in history. One of the things he had discovered about North Carolina was the great work being done here for education. There is the foundation stone. There is where the future takes hold.

Dr. Clarence Dixon, of Boston, though not on the program, was invited by Dr. McIver, to speak and responded with a short, eloquent speech. A man, he said, can get out of North Carolina in twenty hours but all time and eternity cannot get North Carolina out of a man. He spoke eloquently of North Carolina achievement in the revolutionary war. The battle of Guilford Court House didn't fling the British out but it made them willing to get out.

Walter H. Page, of the World's Work, was introduced as a man who through his magazine spoke every month to the thinkers of America. Mr. Page agreed with Dr Barringer that the homing instinct [illegible] North Carolinians [illegible] trait. He [illegible] that North Carolina would be better off if so many of her sons had not left. He thought it was a good thing that they left, good for them and good for the state. He thought North Carolinians roamed because roaming was in the blood of the stock from which they came—a race which had sent its "far-flung battle line" into all parts of the earth. He spoke of a kind of mellowness, of affectionate attitude toward one another that marked North Carolinians wherever they wandered.

Senator Pritchard spoke next, very briefly. He expressed his pleasure at being present. He brought hearty greetings from North Carolinians in Washington. The meeting in progress was full of significance—the beginning of a movement which would result in the national government's taking over the Guilford Battle Ground.

Dr. E. A. Alderman, president of Tulane University at New Orleans, was next introduced. He made a brilliant speech. It was like a bath of genuineness to come back to North Carolina, he said, from which one came out cleaner, stronger, and better. He knew of no emotion stronger than that which binds North Carolina's sons to her. It was worth while to be expatriated in order to have this emotion gratified. He used to find fault with the state, but he had since come to think that that was a pure waste of nervous force incident to the tumults of youth. He dwelt on the prominence of North Carolina in the public eye. Never before had it bulked so large in the national imagination. He spoke in most commendatory terms of the work of Governor Aycock and others in behalf of education. It was a very deep and learned discourse.

The following resolutions offered by Judge Pritchard, Walter H. Page, Dr. Alderman, Murat Halstead, Dr. Dixon Dr. Barringer, and Mr. W. F. Futrell, of Philadelphia, were read by Judge Francis D. Winston and unanimously adopted:

The sons of North Carolina, residing in other states, view with admiration and gratitude the battlefield of Guilford Court House, redeemed from waste and oblivion, beautified and decorated by the patriotic efforts of the Guilford Battle Ground Company.

One hundred acres of this historic field, artistically laid off in walks, drives and avenues, and handsomely decorated with twenty one completed monuments is now the property of the company. The two monuments which congress recently voted as memorials to the bravery of Generals Francis Nash and William Lee Davidson, will soon be added to this galaxy of immortal mementoes. The park is a rare blending of nature's majesty and beauty, with man's heroism and devotion; groves of primeval oak; flower clad meadows, placid lakes, sparkling springs, hills and dales, dotted with monuments of heroic dead. It is the one battle field of the revolution, which has been reclaimed, adorned and preserved in its entirety. Its history, its heritage and the glory, are the common property of the whole country. Across its sacred soil the heroic sons of New York, New Jersey, Rhode Island, Pennsylvania, Delaware, Maryland, Virginia and South Carolina, side by side with North Carolinians fought and died for the freedom of the colonies. On this field North Carolina has cherished the memory of those dead heroes of her sister states, who marched to glorious death on her soil and helped to drive the British from her [illegible]

A gallant [illegible] General H. V. Boynton has fitly eulogized the park and the patriotic services of those who established it. "The states, now enjoying a reunion on this battle ground do. Resolve.

That we cheerfully commend the purpose of the Guilford Battle Ground Association to turn over to the national government the patriotic work of preserving this park.

That we request the congressional delegations from the various states represented here, to give their active support to any measures that may pend in congress accepting this work, and pledging the government to its completion and preservation.

That we further ask the congressional delegations from other states to assist in this patriotic endeavor.

The Guilford Battle Ground Association makes this peace offering to the nation in the dawn of the twentieth century. Well may the nation receive it, with the treasures of patriotism—emblem of a united country.—a country based upon those enduring principles of liberty for which heroic sons north and south shed their blood on this hallowed spot.

Resolved. That the Board of Managers of the Reunion appoint a suitable committee to present this memorial to congress and to take such further steps as are necessary in the premises to further this end.

Dr. McIver spoke of suggestions looking to a federation of North Carolina societies and to the establishment of the custom of observing Old Home Week every year. He called on Judge Boyd who told of the formation of the North Carolina Non-Resident Reunion Asscciation and its workings and closed with a feeling tribute to the ties that bind sons of North Carolina to her.

Dr. McIver then urged the co-operation of every one in preparing matter for the Reunion volume.

Senator Ransom renewed his expressions of gratitude to Dr. McIver and his associates for making the Reunion possible, referred feelingly to the work of the late Judge Schenck,and called on Rev. Dr. W. W. Moore, who pronounced the benediction.

THE RECEPTION.

The reunion closed last night with a brilliant reception held in the Smith Memorial Hall. The reception was a fitting close for this great occasion. Hundreds of ladies and gentlemen thronged the halls. In the assemblage were some of the mighty men. of this state and nation and some of the fair-[illegible] In the hand [illegible] assembled in this state. [illegible] past the great sons of Carolina have gathered together, but never before have those of distant states met with the sons of their native state. No man lives who would not have been proud last night to have said "I am a son of Carolina." There were no speeches made at the reception only two short talks.

The State Normal College orchestra furnished the music for the occasion. Before the hour of departing arrived Dr. McIver stepped upon the platform and said he knew the people would not be content to leave until they had heard at least a few words from their distinguished governor. Dr. McIver words met with a round of applause and Governor Aycock stepped upon the platform. He spoke not more than two minutes, but the farewell words he uttered to Carolina's visiting children were appropriate and beautiful. Dr. W. W. Moore, of Richmond, then said he wished to read some resolutions passed by visiting North Carolinians. Before reading the resolutions Dr. Moore made a short talk in which he said that he had never seen an undertaking of such gigantic proportions carried out in such a perfect manner.

Dr. Moore then read the following resolutions:

RESOLUTION OF THANKS.

Resolved, by the non-resident natives of North Carolina in attendance upon the First Reunion of the sons and daughters of the Old North State at Greensboro that their most hearty thanks are due and are hereby tendered ,

First—To the General Assembly and governor of the state and to the municipality of Greensboro and the various organizations of her citizens, for the cordial invitation to gather again around the ancestral hearthstone;

Secondly, —To the reception committee on the part of the state composed of executive, legislative and judicial officers, the United States senators and representaitves in congress and judges, to the reception committee on the part of the county of Guilford; the reception committee on the part of the city of Greensboro; the ladies' reception committee; and the local committees on transportaiton, decorations, badges, information and registration, program and arrangements, luncheon at the Battle Ground, and

CONGRESSMAN DIXON, Montana Statesman Who Attended the Reunion.

Russia,s Conduct is Caed At o Clous.

Washington, Oct. 12.—The State Department is vitally interested in the progress of affairs in the Far East, but has no recent official information relative to the situation in Manchuria and Korea. For over a week nothing has been received by secretary of State Hay from the diplomatic representatitves of the United States in St. Petersburg, Japan or China, rgarding the Eastern imbroglio.

From what the state department now knows of Russian methods and diplomacy, it is perfectly willing to credit the unofficial advices that the St. Petersburg government has declared the Russian agreement with China— to evacuate Manchuria October 8. —to have lapsed. Should this prove true, a high official of the government said that it was the most atrocious action ever taken by a civilized nation in its dealings with a weaker power. Russia, he s aid, would be in the position of a man who owed another man a thousand dollars which fell due on a certain day. That day arriving, the man refused to pay the bill, and on the following day declared, because he had not paid on the day before, that the debt was void.

The department is waiting with intense interest and announcement of the demands said to have been made over a week ago by Russia on China preliminary to the evacuation of Manchuria. What these demands could be the department officials are at a loss to know.

Attention was called to the fact that the United States has no contract with RussiaRussia in which that country agrees to leave Manchuria on a certain date. It is true this country has assurances from St. Petersburg which, under ordinary conditions, would be sufficient, but there is no treaty between the two popwers which would give the United States the right to demand the evacuation.

A GREAT SENSATION.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1. Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

A SICK MAN

Cannot Afford to be Skeptical Concerning My Method of Curing Disease.

He should carefully investigate all my claims before he forms an opinion as to the merits of my system. He is not serving his own best interests when he refuses to investigate, for no sick person can afford to remain sick when it is possible for him to be restored to a condition of perfect health. The cures that I have effected right here in Greensboro in the last few months are sufficient to convince any fair-minded person that my method is successful in overcoming disease. The fact that every one of these cases had been attended for a number of years by the best medical physicians of Guilford county with little or no benefit is indisputable evidence that my method is superior to drugs and medicine.

Within the last few months I have cured by my Life System one or more severe cases of the following named diseases: Lumbago, Intercostal Neuralgia, Rheumatism, Catarrh of the Stomach, Dyspepsia, Consumption, Bronchitis, Catarrh of the Nose and Throat, Hemorrhoids, Gastritis, Tumor, Chronic Constipation, Inflammation of the Bladder, Insomnia, both Nervous and Organic Heart Disease, Conjunctivitis, Astigmatism and a number of diseases peculiar to women.

I give below names and addresses of a few well-known people who recommend my system:

ROBBED THE GRAVE.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Holton's Drug Store, Conyers & Sykes, proprietors.

"Don't you thing that the ideals of statesmanship are higher now than they used to be?"

"Sure they are," answered Senator Sorghum, "I've known the time when $500 was considered big money. Now you can't get a man that amounts to anything to look at less than $10,000."—Washington Star.

A COUGH IS ONLY A SYMPTOM. A cough is not a disease but a symtom of disease. A cough always indicates that either the throat or lungs are affected. When the mucus lining of the throat or lungs, becomes inflamed the irritation causes coughing. Don't neglect a cough. It may be the symptom of serious throat or lung disease. Rydales Elixir kills the germs that cause the trouble, soothes the irritated mucus membrane, gently stimulates the nerves that control the respiratory organs and thus helps nature to speedily restore normal conditions and healthy action.

A WOMAN'S BACK.

THE ACHES AND PAINS WILL DISAPPEAR IF THE ADVICE OF THIS GREENSBORO CITIZEN IS FOLLOWED.

A woman's back has many aches and pains.

Most times 'tis the kidneys fault.

Backache is really kidney ache.

That's why Doan's Kidney Pills cure it.

Many Greensboro women know this.

Read what one has to say about it.

Mrs. Malinda J. Baxter, residing at 444 Church street, says: "An attack of the grip left mea sufferer from kidney trouble. I had most distressing pains across the small of my back and through the kidneys. I doctored almost continually, taking quantities of medicine and getting no relief. I almost despaired of ever becoming well. Even the moving or lifting of a chair caused sharp pains in my back kil caused shap pains in my kidneys. A friend advised the use of Doan's Kidney Pills so I procured a box at Holton's drug store, and I must say their use wonderfully improved my condition not only as to the kidneys but my general health is better."

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Dr. McIver has been agitating for a mass meeting a long time. He must feel greatly encouraged over recent gatherings.

Between fires, storms, and anarchists the city of Paterson, N. J., is having a tough time of it. We wonder what that town has done to bring such calamities on itself.

The fact that Mr. Dowie is planning to invade New York is probably no sign that he has completed all the work that might be done in Chicago.

Prof. Harry McKnight is to the fore again. This time it is at Newport News where he is said to have represented himself as the secretary of the National Newsboys' Association and to have left the city without giving due account of himself.

The latest news from the Orient indicates that the danger of war between Russia and Japan is regarded as extremely near. The thing ought not to be allowed. The disparity between the two countries is too great. Of course Japan would find Russia a different sort of adversary from what it found China.

The last day of the Reunion was like the others, a day crowded with interesting events. The entire affair has been wonderfully successful. Nothing like it has ever been seen in North Carolina before and naturally the novelty of it can never be realized again. The men who promoted it are richly rewarded in its great success. They are men who do things as their management of this week's event abundantly shows.

SPENT LAST NIGHT HERE

The Special Train With the Officials and Directors of the Southern on Board.

The special train, consisting of six cars with th e officials and directors of the Southern Railway who are making an inspection of the road, arrived in the city last night at 7:55. The party spent last night in this city, the train being left on a side track in the eastern section of the city. NO FIRE WORKS

Only Feature of Reunion That Could Not be Fulfilled.

STIEFF PIANOS

"Sing their own praise."

One of the greatest characteristics of the past and present day is

INDIVIDUALITY.

The individuality of the Stieff Piano is its chief charm. There is NO other piano just like the Stieff. Others try to imitate but somehow they fail to reach that "everything"—that "individuality characteristic of the Stieff Piano.

The Stieff Piano

Enjoys still another "individuality" foreign to any other great make. It is sold direct to the user instead of the to the retail dealer to resell. This individuality keeps the retail dealers' big profits in your home, and yet you secure an ideal piano, one that will meet every demand of the greatest pianist or most exacting musician. It costs no more than a medium grade, or more likely cheap thump-box through the middleman.

the press committee for innumerable courtesies and kind attentions:

Thirdly—To the railroads which have given a special rate for this occasion;

Fourthly—To our venerable and courtly presiding officer, General Ransom and to speakers who have welcomed us in words which will warm our hearts as long as we live;

Fifthly—To the teachers and students of the State Normal and Industrial College for women and the Greensboro Female College for the delightful and instructive entertainments given us on Monday evening; and to the institutions and organizations which have established headquarters with open doors at various places throughout the city;

Sixthly—To the patriotic and enterprising Guilford Battle Ground Company.

Lastly—And with the most grateful appreciation which it is possible for us to express to the superb board of managers of the Northt Carolina Reunion Association and their incomparable chairman, Dr. Charles D. McIver, to whom we feel that we are indebted for an epoch making occasion in the history of North Carolina.

Dr. Moore placed the resolutions before the house last night in the form of a motion. Mr. John Wilber Jenkins seconded the motion and in doing so paid a glowing tribute to Dr. Charles D. McIver. He said there was no great movement in North Carolina in which Dr. McIver was not one of the dominating spirits.

Dr. McIver read the following telegram from the Hon. Hoke Smith, of Georgia:

Atlanta, Ga., Oct. 13, 1903.

Dr. Charles D. McIvere, Greensboro, N. C.:

Accept my congratulations upon the success of the reunion. North Carolina sets an example by her progressive work especially upon educational lines. I regret my inability to be with you.

HOKE SMITH.

Dr. McIver then made a short talk in which he said that there were present representatives from thirty states, the District of Columbia and Canada. Although Dr. McIver did not name them last night the following is a list of the states as taken from the register:

Non-resident North Carolinians registered from the following states:

Alabama, Arizona, California, Colorado, Connecticut, Delaware, Florida, Georgia, Indiana, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Mississippi, Missouri, Montana, Nebraska, New York, New Jersey, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, West Virginia, Total 30 states, District of Columbia, Canada.

Dr. McIver asked all present before leaving to join in singing that song dear to every North Carolinian, "Carolina." Dr. Moore then dismissed the assemblage with prayer and thus ended the great Reunion.

At the Central Carolina Fair.

Prof. Carlisle's marvellous performing ponies, "Tom and Jerry," are conceded by the American public to be the two most completely educated ponies in all the world. A remarkable incident in connection with the training of these marvelous animals is that the Professor does not use a whip in his entire exhibition. Nothing but kindness is used, and the results are simply marvellous, "Tom and Jerry" having appeared at a good many social functions that would do honor to our star performers.

Look Out for Pick Pockets

Look out for pockets picks. rdu

During the last few days pickpockets have been getting in a little of their work around the city. Mr. Rastus Lewis is said to have had between sixty and seventy dollars taken from his pocket yesterday while attending the reunion exercises at the Battle Grounds. He knows the money was taken while he was at the Battle Grounds, but apart from that he has no idea when the thief got in his work.

Hon. Eugene Winters, of Danville, one of North Carolinas ablest living sons and bravest champions, is an honored guest of the reunion. Professional duties prevented his arrivel until yesterday.

THE CENTRAL CAROLINA FAIR

WAS FORMELY OPENED YESTERDAY AT NOON

The Exhibits The Finest Ever Seen Here—A Large Crowd Went From the Battle Ground Yesterday Afternoon to the Fair—Some Good Racing May be Expected To Day

The Fourth Annual Fair of the Central Carolina Fair Association opened yesterday at noon. As has been said in this paper before, the exhibits this year are better and larger in number than at any fair yet held here.

The poultry exhibit is without a doubt the most complete ever in the state. It is a revelation to see what a varied collection of chickens, ducks turkeys, pigeons and other fowls are on hand.

In the main building a number of the leading busines firms of this city have exhibits which are very attractively gotten up.

The midway is composed of a large number of shows and other things for amusement. Nearly all the space to be used for attractions of this kind is filled. The attractions as a whole are exceptionally good. On account of the reunion exercises at the Battle Ground yesterday it was naturally supposed that there would not be many people at the fair grounds, but there were. The crowd was very good, possibly as large as at any opening day in the history of the fair. There are a number of race horses on hand and some good racing may be expected. The racing yesterday was very good. Mr. Henry W. Burress, an experienced horse man of Rockville, Md., is the starter for the races. The Judges are Messrs. C. P. Vanstory, Joe Hardy, and T. M. Arrasmith.

The first race yesterday was the 2:35 class, trot and pace for a $300 purse. There were three entries in this race, Mary M., Jewel, Palmedia, Big Jake, and Golden Thorn. The race was won by Golden Thorn the time of the different heats being 2.26 1-4, 2.33 1-4, 2.22 1-4. The next race was the 2.24 class, pace, with the following entries, Ramon, Peter Warlock, Snapps and J. S.

The race was won by J. S., the time by heats being 2.32 1-4, 2.31 1-4, 2.30 1-2.

There were three entries in the 5-8 of a mile running race. They were: Mr. Smooth, Miss Rosser and Flossie. Mr. Smooth won the race the time being 1.09 1-2. The racing today will consist of the 2.30 and 2.22 trot and a running race. There are six horses entered in the 2.22 race and great feeling has been aroused among the horse men about the race. This will probably be the most warmly contested race of the fair. The racing will begin at 1:30. Trains will begin running to the fair grounds today every 30 minutes.

HOT BEVERAGES

What to Use in Place of Tea And Coffee.

Many drink tea and coffee against their better judgment because they require a hot drink at meal time.

They know that by the use of tea and coffee they are only drugging themselves but they struggle along and continue to use one or the other. To these people Postum Cereal Coffee is a great help for many people find well boiled Postum superior in flavor to coffee to say nothing of its great health restoring qualities.

The effect upon those who leave off tea and coffee and take on Postum is very marked for the old time coffee ails such as heart trouble, kidney disease, nervousness and other ills soon disappear as if my magic. The Postum makes new red blood and clear complexion that replace the blotched sallow wskin of the coffee drinker. A young school miss of Alva, Okla., says of Postum: "I have used it now for over a year and my complexion and general health show the change. Before that time I drank tea and coffee and my complexisno was sallow and muddy. I also had almost constant dull headaches. I realized that I must give up tea and coffee but hung onto them because I felt the need of a hot drink at meal times.

"One day I heard Postum so well spoken of I decided to try it and I bless the day I did so. I dropped coffee and took up Postum and now my dull head aches have disappeared, my complexion is fresh and rosy, eyes bright and mind is fresh and clear. I sleep well now and I owe it all to using Postum in place of coffee.

"The matron of the Young Ladies' boarding house at the Alva Normal school has adopted Postum as a standard drink as she is positive the students study and get along better on Postum than on any other drink.

"A lady friend of mine had a son who was a nervous wreck due, so his doctor said, to coffee. The lady tried Postum and the young man relished it so he drank it in preference to coffee and in a few weeks he was like an entirely new person. I know of lots more cases too." Name given by Postum Co., Battle Creek, Mich.

John Alexander Dowie.

Chicago, Oct. 12.—The "restoration host," 3,000 strong, marched in review before John Alexander Dowie at Zion City yesterday. In addressing 6,000 persons in the tabernacle afterward Dowie declared that those members of Zion who failed to go to New York would wither away and that their prosperity would cease.

The "restoration host" marched into the tabernacle pust as it will file into Madison Square Garden in New York later in the week. Each crusader wore a sash of yellow, white and blue. Men, women, boys and girls, headed by the captains of the different legions, assembled to hear Dowie give instructions for the New York trip.

Dowie announced that he has now registered 3,018 persons as members of the "restoration host." He expects that with those now on their way to New York from other parts of the country the army will have 4,000 members in that city. The start for New York will be made Wednesday.

Parkersburg, W. Va., Oct. 12.—The Greenbrier Presbytery, one of the strongest presbyteries in the south, meeting at Lewisburg, W. Va., has adopted the following resolution:

"Resolved, That it is the solemn and painful convictions of this Greensbrier Presbytery that some of the ministerial brethren are departing from the time-honored custom of the fathers in wearing 'bob-tailed' coats, and the Presbytery would hereby warn the brethren against conformity to this custom of the dudes.

"Let the offending brethren be warned of what may be done to them, as recorded in I Chronicles xix, 1-5. Hanna Praises Cleveland

Cleveland, Ohio, Oct. 12.— Senator Hanna, in a speech tonight, before a large gathering of Cleveland people, did an unusual thing in paying a tribute to Grover Cleveland. He said that Jefferson was a true democrat, who, if he were living today, would not permit himself to sanction the so-called democratic teachings of Tom Johnson.

"And," he added, "Grover Cleveland is another great democrat, greater than his time or his party, who looks with almost disgust upon many of his fellows who have strayed after false gods and have taken up with fallacious doctrines. Jefferson Jackson, Tilden and Cleveland were democrats whom all good men admire and respect."

STOMACH TROUBLE CAUSES HEART TROUBLE.

Heart trouble is almost always caused by stomach trouble. The stomach fails to digest all the food, and the residue ferments, forming excess of gas which distends the walls of the stomach, causing a pressure on the nerves and arteries that lead to the heart. This causes the heart to palpitate or skip a beat occasionally, or both, which is usually very alarming, causing grave apprehensions. Rydales Stomach Tablets will prevent this trouble. They digest the food and prevent gas from forming in the stomach. If there is no gas in your stomach your heart will not trouble you.

As a rule, the man who isn't afraid to stand up for his rights imagines that he has a right to anything he wants.

A THOUGHTFUL MAN.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Holton's Drug Store, Conyers & Sykes, proprietors.

The famous little pills for doing such work pleasantly and effectually are De Witt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect. Sold by Howard Gardner.

Yes, Alonzo, it is just as well to beware of the dog when courting a coy maid of thirty, but you needn't worry about the old man—he won't bother you.

It is the most serviceable Accident and Emergency Liniment ever produced, and is just as satisfactory in all cases where a Liniment is required.

Died to Avoid Arrest.

Parkersburg, W. Va., Oct. 12.—Bert Perkins, a prominent young man of Rock Camp, Braxton county, committed sucide yesterday to keep from being arrested.

It is charged that several days ago he had attempted to assault a lady of Gilmor county. She lives alone and Perkins, who was passing the place, asked to be admitted. The lady refused, and it is charged he forced the door open and attempted the assault. The woman's screams attracted the attention of men who were passing. Perkins saw them coming and, fearing they would lynch him, ran.

He escaped, but a warrant was sworn out for his arrest on a charge of attempted assault.

Perkins dodged the officers for several days, but finally concluded he could not escape from them, and, rather than undergo the shame of arrest an dtrial for this offense, he took his own life. eH tied his shotgun to a tree in such a manner that when he pulled the gun toward him the string caught the trigger, discharging the load of shot into his chest. He was riddled of shot and torn to pieces, yet he lived for several hours and talked to William Carr, who discovered him lying under the tree and went for a physician. He died before the physician arrived.

MRS. IDA McDONALD,
Supreme Deputy of the Maccabees of the World.

Mrs. Ida McDonald.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the sallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

"For four years I suffered with torpid liver until my skin looked yellow and dull. I then found my kidneys were affected and had severe pains across my back, and I felt that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell $1.00 bottles of Wine of Cardui as well as 25c packages of Thedford's Black-Draught.

MISS ADELAIDE THURSTON

In Polly Primrose Tonight One Of the Chief Theatrical Events Of the Season.

Adelaide Thurston who stands with all who have seen her as the embodiment of all the charms of a girlish artist, is to come to the Grand tonight in her recent great success by Paul Wilstach "Polly Primrose". A fact pointed out by a theatre goer who was praisefully reciting the charms of the performance, is that all the characters in the long cast are supposed to be Southerners born below the line. In casting the play the Messrs. Wilstach, instead of getting northern born and bred actors who would give an imitation of the southerner, engaged for the leading parts only ladies and gentlemen who were born in the south. In this way the horror of a dialect is avoided yet the soft refined and thoroughly patrician quality of a southern lady or gentleman's speech is naturally presented. Miss Thurston brings all her own scenery and every patrticle of furniture which includes a suite of colonial mahogany of rare design. In "Polly Primrose" may be anticipated one of the chief treats of the season.

BOSTON IDEAL OPERA CO. THURSDAY AND FRIDAY.

The Boston Ideal Opera Company will be the offering at the Grand for two nights, Thursday and Friday. "Said Pasha" will be the intitial production. This company has won the praise of the press throughout the south. The Natchez Bulletin says:

"An immense audience gathered at Concord Theatre last night to hear the popular Boston Ideal Opera Company sing Flotow's beautiful, ever interesting and musical production, 'Martha.' It was well staged, the costuming perfect and the rendition of the solos, duets etc., captivated all present. The principals in the production were all in a good voice, good spirits and entered into the performance with a determination to do their best and please their audience, in which they were eminently successful. Miss Lillian Shattuck gave another exhibition of her vocal powers that was most pleasing to all; and won for her new admirers.

Prices for this engaement will be 75. 50. and 25 cents. Seats now on sale.

MISS MARIE WAINWRIGHT SATURDAY NIGHT.

The announcement that Miss Marie Wainwright will appear at the Grand in a magnificent revival of Shakespeare's "Twelfth Night" on next Saturday night must be looked upon as one of the great events of the season. Manager [illegible] Murry, who presents this charming actress in this revival, has spared no expense in this production. The best scenic artists, the best stage directions, the best cast and the best costumes have each provided their quota in this magnificent production.

Has Run 26 Excursions to N. C.

Mr. Elwood Wilson who had charge of the excursion which brought the largest number of people here from Indiana, left for his home in Indianapolis last night. The majority of those who came here from Indiana are visiting relatives in this and adjoining counties and will not return home before the middle of next month. Mr. Wilson has been living in Indiana for the past 35 years and he says during that time he has run 26 excursions to North Carolina.

A Card of Thanks.

Please allow me to express my highest appreciation and gratitude to the friends of my precious boy W. T. Knight, who gave him such affectionate attention during his last illness. Though strangers to me I feel that they filled a mothers place and I am profoundly thankful to them. In deep sorrow. BARBARA A. KNIGHT.
